

“Doctors as Teachers” Assessment

Please complete this form in light of your experience of the doctor as a teacher in day to day clinical work. The information will be fed back to the doctor, **without identifying you in person unless you have agreed**, to help him/her to become a better teacher and to help the clinical tutor. Please give comments to explain your score, especially if you score below “good”

	Poor	Adequate	Good	Excellent	Unable to comment	Comments
Teaching at the correct level Teaches at the right level, based on the curriculum and on individual learning needs. Recognises struggling students / trainees and provides effective targeted support.				√ √ √		Very good at explaining concepts and expressing himself
Clinical knowledge & skills Does clinical work expertly, inspires confidence clinically; puts patients first; is an impressive evidence based practitioner; and demonstrates continuous learning.			√	√ √		Dr Saeed is a competent and confident clinician and teacher
Teaching techniques Is an effective teacher who maximises every teaching opportunity; uses questions to assess understanding; gives frank and constructive feedback; makes it easy to ask questions or challenge and never makes trainees feel foolish or anxious. Is available (for support, appraisals, portfolio marking etc) and approachable.			√ √	√		Dr Saeed takes every opportunity to teach juniors and students alike. He is very proactive in arranging supervisor meetings Accessible and helpful
Inspirational role model This is an enthusiastic, inspiring exponent of both their subject and teaching role. This is the kind of doctor, and teacher I would like to be.			√ √	√		Indeed this is the kind of doctor and teacher I would like to be

Poor = totally inadequate **Adequate** = acceptable standard achieved **Good** = above average performance **Excellent** = outstanding performance
