Dear Mr Saeed,

Please find included in this email the comments from your recent teaching, I hope you find these useful

Excellent – (1) Very thorough. Ensured we understood. Kept the presentation informal and interactive.

Excellent – (1) It was good that he took an interest in what we wanted to gain out of the session. He also simplified some confusing concepts and allowed us to understand things easier.

Excellent – (1) Covered all tablet and insulin options. Clarified side-effects and advantages of each. Finally learned about all the diagnostic differences of DM1 and DM2. Lots of opportunity for questions. Excellent session

Excellent – (1) Dr Saeed spoke clearly and logically... Went step by step through each diagnosis and treatment type for diabetes. Level of knowledge was appropriate and useful.

Many Thanks
